

Dear Dr Anand, I have thought & thought of how to express my appreciation and gratitude for all you have done for me. Thought hard of something to give you and do for you to try to re-pay you. How does a man re-pay someone for saving my life? And for giving me some quality of life back? For giving me my legs back? For giving me my heart, lung, shoulder & arm back? And for giving me your incredible surgical skills for free?

You were right about me when you said you knew I didn't have much money. We had to sell our ranch to pay for our trips & medical bills but we are fine on our small place. It is much easier to take care of!

All I can give you is my friendship, appreciation, love and undying gratitude for all you have done for us.

I think of you and your team everyday and I thank my God for you ALL everynight and ask that HE smiles down on you for helping and saving so many people in pain. You are an amazing person, Brilliant, Skilled and Kind.

Whomever your God is, Whatever you conceive Him to be, you will have a special place next to Him!

It's that time of year when family and friends get together, when the sights and sounds of Christmas remind us of peace, and when the memories made give us so much joy.

Merry Christmas!

We wish you ALL a wonderful Holiday season and a Happy Happy New Year!
